

TAPE RECORDINGS

Talks by guest speakers are usually taped, and copies are available for £2.20, post free, from: Rodney Hoare, Hall Cottage, Old Road, Ruddington, Nottingham NG11 6NF. It is hoped to issue transcripts of talks in a combined written report at the end of the year, for the interest of the many members who cannot attend meetings; please contact Susan Black if interested. (Members will find the talk given at the last meeting by Mr Randle Lunt of particular interest, as it presents a fresh look at medically-orientated detail on the Shroud.)

SLIDES AND PHOTOGRAPHS

A new selection of slides is currently under preparation and these and existing sets can be obtained from John Auton, Church Croft, 31 Heron Street, Rugeley, Staffs WG15 2DZ. (Please note John's change of address).

Photographs can still be obtained from London Fields Studios, 54 Broadway Market, London E8 4QJ - although we hope shortly to set up a direct BSTS supply.
