

## SUBSCRIPTION RENEWAL

Subscription renewals for the 1992-3 year are now due, and a form for this purpose is enclosed. Warmest thanks to those who have already renewed. Our Indefatigable General Secretary, who supplies the address labels for mailing purposes, bends over backwards to be indulgent to temporary lapses in renewals, but there will inevitably be a culling of long-term non-renewals.

Members occasionally ask for address lists of BSTS members, with a view to getting in touch with fellow-members living near them. In order to satisfy such requests, but also to comply with the Data Protection Act, this year's subscription renewal form includes an 'opt-out' panel which should be ticked by anyone who does not wish their address to be made available in this manner. Membership address lists should be available from about May, price £1, on request to the General Secretary.

## REMINDER: FACILITIES FOR BSTS MEMBERS

Members may like to know that all publications reviewed in this Newsletter are the property of the BSTS, and any U.K. member wishing to loan any of these should write to the Editor stating the publication requested. The loan period is flexible, depending on demand from other members. The only charge is refund of the postage.

The Society can also loan sets of slides for lecture or research purposes. These are being updated to take account of the 1988 carbon dating. Members wanting to loan a set should write to the Editor. In the case of the slides being needed for lecture purposes, at least one month's notice is advised.

Almost all of the Society's lectures have been tape-recorded, including last October's excellent and highly informative presentation by Dr. Allan Mills. Copy recordings can be obtained, price £3 inclusive of post and packing, from Rodney Hoare, 23 Elm Grove Road, Salisbury SP1 1JW. Cheques/P.O.s should be made out to the British Society for the Turin Shroud.
