Is The Shroud of Turin Legit? – **Ken Bailey Ministries** – January 18, 2025 – Video (1:17:39) – Description: "In this video, I talk about the most important religious relic in the history of mankind - the Shroud of Turin. I answer the question: Is the Shroud of Turin really the burial cloth of Jesus? I visit with apologist, Dr. Tim Stratton, and we talk about the evidence that is known about the Shroud. Then I go on to talk about what the Lord has revealed to me, about the Shroud of Turin and how God has tied my life, by way of incredible miracles, to the Shroud. If the Shroud is real, it is a game-changer in Christianity. Watch this powerful video and find out why?" The Shroud of Turin | Is It Proof That God Walked Among Us? – Erynn Vale "The Archivist" – January 18, 2025 – Video (19:10) – Description: "If the Shroud of Turin is indeed the burial cloth of Jesus, it would serve as tangible proof that God took the bodily form of man. The implications of this are nothing short of earth-shattering, for it would mean that the divine willingly entered into the frailty of human existence, subjecting itself to the very limitations, suffering, and mortality that define our condition. The incarnation—often regarded as a theological abstraction—would be confirmed as a historical event, a divine descent into the realm of the physical."

Conferenza Sindone prof Giulio Fanti - 2 parte - aspetti scientific - Maria Valtorta - January 16, 2025 - Video (31:20) - Description: "La Fondazione Erede di Maria Valtorta presenta: "Sacra Sindone: la scienza rafforza la fede", seconmda parte: Aspetti Scientifici relatore prof. Giulio Fanti. La conferenza si è tenuta sabato 4 novembre 2023 presso l'Abbazia di San Domenico Abate, a Sora (FR). È una breve e chiara esposizione, alla portata di tutti, sui risultati delle ultime ricerche sulla Sindone. Dopo quasi vent'anni di approfonditi studi scientifici, e dopo aver confrontato gli interessanti risultati ottenuti con quanto rivelato dalle Sacre Scritture, l'Autore ha raggiunto una ragionevole certezza: la Reliquia più studiata della cristianità è l'unica «fotografia» che Gesù Cristo ci ha lasciato e che riporta i segni della sua dolorosissima Passione.

I risultati delle sue ricerche sono confermati e rafforzati dalle intuizioni mistiche di Maria Valtorta, di cui il prof. Fanti è appassionato lettore. Giulio Fanti è professore associato di Misure Meccaniche e Termiche presso il Dipartimento di Ingegneria Industriale dell'Università di Padova. Dopo essersi dedicato a strutture spaziali, satelliti al guinzaglio e analisi di immagini, ha indirizzato dal 1997 il suo interesse verso la Sindone. È stato il responsabile di progetti di ricerca universitari riguardanti la reliquia più importante della Cristianità ed è a capo del gruppo Shroud Science. È autore di più di 170 lavori scientifici pubblicati anche su riviste internazionali."

To purchase Dr. Costa's new book 'No King but Christ' go to: https://www.amazon.com/King-But-Chris... About Dale Glover: Dale Glover grew up in a Christian home, but in his 20's he left the faith due to his doubts. Shroud Of Turin: Proof Of A Paranormal Event UPDATED 2024 VIDEO - December 4, 2024 -(15:33) – Description: "We must give a HUGE amount of credit to our Good Friend at GOD SLAVE USA for this miracle being possible. This video could never have been made without their more than generous donations, prayers, encouragement and support. This video contains clips and scenes and still images of some of the best work we have ever done going all the way back to Prescott Arizona, Black Canyon Arizona, New Mexico, Florida and Texas and Kansas, Wisconsin and a few other states. It is an absolute miracle this video exists. We have never run into more obstacles. The computer crashed over 50 times in the editing process. The computer could not handle the weight of the files. We were just barely able to get the film rendered. It was an intense creative battle like never before. THANK YOU GOD SLAVE USA!!! We will always be forever grateful. There has been renewed interest in the old statue pressed against the linen theory that was debunked as being the image process on the Shroud over 40 years ago. Every now and then someone digs up this corpse out of the graveyard and props it up on a witness stand posing as a credible witness when it is not If the image on the Shroud was simply a matter of pressing a statue against the linen well then just go ahead and make one! That theory requires the person to use an actual life cast statue body on a 14 foot long piece of linen and press it against the linen and compare it side by side with the Shroud The resulting image will not look

even remotely similar to the Shroud, nor will it match any of the unique characteristics. For starters, The coloring on the shroud is due to a rearrangement of the electron bonding of the carbon atoms in the linen flax from single electron bonds to double bonds, the only way we have replicated this unique characteristic is by firing an argon fluoride laser at the fibrils of linen with high intensity UV light for less than a billionth of a second A contact image will not change the electron bonding of the carbon atoms in the linen flax from single electron bonds to double bonds and leave an image behind that is 50 times thinner than a human hair and has separation between colored and uncolored fibers as close as 15 micrometers like the shroud has. No way! The shroud also has mathematically correct spatial distance information. To create this kind of information there must have been a separation, a space between the body and the cloth during the image process. Like a laser printer applies toner with controlled electrostatic discharge The Shroud image was also a action at a distance image process. Electrical signals moving through space to create the image A non material image process. When the body images over blood stains were created the body in the Shroud was not touching the cloth. That is a provable mathematical certainty and the witness who gives testimony to the truth in this regard is a 3D analyzing software program that converts the colors of an image to math and then displays the results on a 3D surface plot The Shroud results show real mathematically correct distance info. The creator the image wanted it there. Put it there for a reason. It is not a random accident. One of those reasons was to separate the Shroud image from every other image in the world To prove to us that a higher intelligence/God was involved in the image process Contact images with statues pressed on the linen will not create any accurate spatial data about the 3D characteristics of an image. The shroud image does Micro photographs micro chemistry X-ray fluorescence and UV light evaluations confirm the shroud is not a painting or a statue pressed against the cloth theory A Statue presses against linen theory is one in which material is added to the cloth, some type of pigment or paint. Any process that involves adding material to the linen, such as paint or pigment is wrong-and would be easily detectable. The coloration is due to a change the electron boding of the carbon atoms, a non material contact process. We have found that many Shroud skeptics are not in a pursuit of the truth. The common thread that binds these cases together is that there is contempt prior to investigation. It is not about a passion or love for the truth it is more about having contempt for something and making negative statements about it The Shroud of Turin is the most powerful witness in the world that tells the most powerful truth. One of the most intriguing pieces of evidence that intertwines faith and science is the Shroud of Turin—a mysterious linen cloth that many believe to be the burial shroud of Jesus Christ. This video dives into the enigma of the Shroud, from its debated origins and unique photographic properties to cutting-edge scientific theories like UV radiation. It explores historical accounts, blood analysis, radiocarbon dating controversies, and groundbreaking discoveries that challenge the limits of modern technology. But that's not all. It also examines how science ventures into the realm of resurrection and immortality through cryonics, cloning, synthetic biology, brain preservation, and even digital immortality. Can these efforts ever match the divine narratives of resurrection? Or do they represent humanity's quest to bridge the gap between faith and reason? Unravel one of history's greatest mysteries and question the boundaries of belief, science, and truth itself."

Compelling Evidence for the Shroud's Authenticity - Gary Habermas with CrossExamined – Gary Habermas – November 23, 2024 – Video (45:21) – Description: "CrossExamined board member Dan Hodges sits down with New Testament scholar and resurrection expert, Dr. Gary Habermas, for an in-depth exploration of the Shroud of Turin. In their discussion, Dan and Dr. Habermas examine the complex history and preservation of the Shroud, digging into why it has captivated both scholars and skeptics for decades. Together, they'll tackle questions such as: -- What are the most crucial questions for assessing the Shroud's authenticity? -- Could the burial cloth of Jesus truly have survived for nearly 2,000 years? -- What evidence supports or refutes the theory that the Shroud was created in the Middle Ages? Could it depict someone other than Jesus? -- How do non-biblical sources, archaeology, and medical research contribute to our understanding of crucifixion practices? -- What kind of event could have imprinted the image of a 6 ft., 180 lb. man on this ancient cloth? As Dr. Habermas unpacks over 40 years of Shroud research, discover why this remarkable artifact continues to be a point of discussion in Christian apologetics and Church history.

<u>Informative Documentary: Reveals Hidden Images in the Shroud of Christ</u> – **The Artist of Revelation** – November 25, 2025 – Video (1:09:51) – Description: "The 12 images you are about to see will change our world forever and challenge your belief system, much like Denzel Washington has done through his work. The images found in the face of the Shroud of Turin have not been modified or altered, so what you see is 100% real. The big questions we must ask ourselves are: 1. How did the images appear in the face of the Shroud? 2. Who or what spiritual being is responsible for creating or placing these images? 3. What hidden message are the images trying to convey? 4. Why are these images being revealed now? Is it a warning, or is something foretold in the Book of Revelation coming to pass? 5. Have we discovered all the images in the Shroud, or are there still more to find? We all pursue fame, money, sex, drugs, the perfect body, and career fulfillment, yet we often still feel empty and unhappy. I believe the twelve images found in the face of the Shroud serve as evidence for those who, like Doubting Thomas—one of Jesus Christ's disciples—need something tangible to believe in. If you are searching for physical evidence, this is for you! I challenge you to weigh this evidence against your doubts. If you already have faith, consider sharing this with friends who are struggling to believe in God. God loves you so much that He provided a sign and a miracle to demonstrate that He is real and wants to be a part of your daily life. If you're having difficulty believing in God's existence and need physical evidence, I encourage you to watch this documentary all the way through. See for yourself, and don't hesitate to take the challenge. John 20:25-27- 25 Thomas said, 'Unless I see the marks of the nails in His hands and place my finger in those marks, and put my hand into His side, I will never believe." 27 Then He said to Thomas, "Put your finger here; see My hands. Reach out your hand and put it into My side. Stop doubting and believe'."
