

## FUTURE ISSUES OF THIS NEWSLETTER

While we again apologise for the lateness of this *Newsletter*, we hope members will find some compensation in the extra paging, enabling us to carry a much longer article than normal. In order to repeat this for future issues it is suggested that we reduce the number of Newsletters per year to a more practical three, say January, April and September, while carrying proportionately increased paging. Members' comments will be welcomed. The date of the Annual General Meeting will be published in the next issue.
